

UPDATE: COVID-19 Information for Saratoga County October 8, 2020

The Saratoga County Public Health Services and its team of contact tracers have determined the following low-risk COVID-19 exposures. During each of these instances, the employees who tested positive were wearing masks at all times, and we consider these exposures to be low risk.

Anyone who visited these locations during the dates and times listed should self-monitor for signs and symptoms of COVID-19 and contact their health care provider to get a diagnostic test. Additionally, anyone can get a diagnostic test at the test sites listed [here](#).

Saratoga County Treasurer's Office

An employee working at the Saratoga County Treasurer's Office, located at 40 McMaster Street, Ballston Spa, tested positive for COVID-19, and worked on:

- Monday, October 5, from 9:00 a.m. – 5:00 p.m.

Out of an abundance of caution, the Saratoga County Treasurer's Office will be closed to the public until Wednesday, October 21, 2020. During that time, the office will be conducting business via mail, a physical dropbox and essential appointments only. These temporary operational changes are consistent with emergency plans developed at the start of the pandemic and were continuously updated to protect the public and our employees. Details are available on the [Treasurer's website](#).

Stay vigilant

Saratoga County Public Health Services would like to remind the community that COVID-19 is still in the community and spikes in cases will at times occur. This is no time to let our guard down, but we should heighten our vigilance.

As always, the steps to stop the spread of the virus are simple and effective:

- Wear a face mask
- Maintain social distancing
- Wash your hands or use hand sanitizer regularly
- Stay home and away from others if you are ill.
